FETCHI:
I KNEW
TREASURE
HAD A
SMELL!

THE TREASURE MAP CHALLENGE

THINK BEFORE YOU CHOOSE!

At the beginning of the episode,
Fetchi chose the easiest-looking path.

And... he went in a circle. 😊

PATH

A

Wide, bright
and easy,
but loops
back to START.

PATH

B

Covered with
flowers, but
ends at a
crystal waterfall.

PATH

C

Rocky and narrow,
with these tiny
symbols hidden
along the trail:

PART 1: WHICH PATH?

Trace each path with your finger.
Which path reaches the treasure door?

Circle your answer:

A B C

PART 2: COMPLETE THE SYMBOL PATTERN

EXPLORER LESSON

The easiest-looking answer
isn't always the right answer.

STOP. LOOK. THINK!

TORI:

Clues are
easier to find
when we slow
down and
think.

THE QUIET EXPLORER CHALLENGE

CAN YOU FIND A CLUE BY LISTENING?

In Hidden Treasure Valley, the explorers discovered that some clues don't shout. Sometimes you have to get quiet enough to notice them.

MISSION 1: TREASURE EARS

Sit quietly for 20 seconds.
Listen carefully.
What can you hear?
Draw or write 3 sounds:

1. _____
2. _____
3. _____

MISSION 2: SOUND DETECTIVE

Have someone make three simple sounds while your eyes are closed.

Examples:

Clap

Stomp

Snap

Tap

Ring

Whisper

Can you identify all three?

☐ Sound 1

☐ Sound 2

☐ Sound 3

MISSION 3: MAKE A SECRET TREASURE SOUND

Invent your own sound pattern.

Example:

CLAP • CLAP • STOMP • CLAP

My treasure pattern:

Ask someone to repeat it.

Did they crack your sound code?

☐ YES

☐ ALMOST!

OTEO:

Some clues are easier to find with quiet ears.

BUILD THE MISSING BRIDGE

KEEP TRYING!

Oh, Beanie.

The first bridge didn't exactly go according to plan.

BEANIE:
"VERSION TWO!"

PART 1: FINISH BEANIE'S BRIDGE

Draw a bridge that can get EVERYONE safely across.

Use anything you imagine:

-  Logs
-  Vines
-  Stones
-  Giant leaves
-  Crystals

Or invent something completely new!

TREASURE AWAITS!

PART 2: TEST YOUR IDEA

My bridge is:

- ☐ Strong
- ☐ Safe
- ☐ Big enough for everyone
- ☐ Totally weird but might work

PART 3: VERSION TWO!

What would you change if your first bridge didn't work?

Draw one improvement:

EXPLORER LESSON

TRY → LEARN → CHANGE → TRY AGAIN

BEANIE:

 "Version Two" isn't starting over. It's building on what you learned!"
